multisolve  
0127-5157

## Unique non-aggressive multi-purpose solvent 100% non-carcinogenic

Multi-Solve is a unique, non-aggressive, multi-purpose solvent with amazing degreasing properties widely used in the building, automotive, construction, hotelery and painting industries. Removes sealants and adhesives safely, removes wax, ink, tar, painting ink, splashes of cement, adhesive labels, chewing gum and a multitude of stubborn deposits. Unique qualities: evaporates leaving no oily residue, non-aggressive, safe to use on virtually all materials and fast acting, eliminating a lot of elbow grease.

powergrab 0730-5997

## Revolutionary construction adhesive for quick heavy duty bonding, phenomenal grab, powerful results

Originally developed for bonding stone facades, it has many other uses as an ultra strong, fast bonding construction adhesive. Power Grab 'n' Bond is a unique solvent free construction adhesive with an exceptionally high initial grab followed by an incredible water resistant bond. It can be applied to concrete, stone, ceramics, marble, wood, gypsum board, metals, lead, glass, mirror, plastics (excluding polypropylene); and any combination of the above without any additional fixings.
